

**Filmax Filters For  
Caterpillar And Waukesha  
Large sump Engines**

**Combust Filters**

**Industrial Air Filtration**

**NAPA Gold Industrial  
Filters**

**Bosch, Altronic &  
Champion Industrial  
Series Spark Plugs**

**Industrial**

**Mobile & Stationary Engine Supplies**

## PRODUCT LIST:

Combustion Technologies® is your one stop supplier for all of your Industrial filtration needs. Along with our premium lubricants we have a complete line of spin-on, by-pass and cartridge filters for lubricants, fuel and air filtration. Besides the line of Combust Filters, our warehouse is stocked with brands such as NAPA Gold, Filmax™, Filtakleen, Lynway and more.

Combustion Technologies® works closely with Bosch, Champion and Altronic to supply you with Industrial sparkplug for Caterpillar, Waukesha, Hercules, Bessemer and Fairbanks Morse engines.

### The Revolutionary Digital No-Flow Timer for Compressor Lube Systems

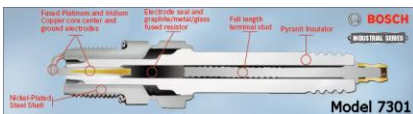

DNFT performs monitoring and shutdown functions like No-Flow, Low-Flow or Excessive-Flow for Divider-Block Lubrication Systems. The DNFT is a totally enclosed solid state electronic device for detecting Slow-Flow and No-Flow on in-line progressive lubrication systems. The Digital No-Flow Timer incorporates a crystal oscillator to accurately monitor the cycle time of the lubrication system enabling precision timed shutdown capability. The Digital No-Flow Timer is an ISO 9001 certified product.

### Ariel Compressor Suction and Discharge Valves

Combustion Technologies is a proud manufacture of suction and discharge valves for Ariel Compressors. Specializing in 6 3/8" sizes, Combustion Technologies can give you an competitive edge with quality and pricing. Also available in 9 3/4" clearances.
