

Outstanding wide temperature range grease.

Excellent shock load-carrying ability

Grease "stays in place".
Less frequent greasing is required

Melting point well above 600°F

Unequaled water washout resistance

EP-Grease

Mettler Plus Extreme Pressure Grease

PRODUCT DESCRIPTION:

Mettle Plus™ EP Grease is superior lithium complex grease designed to provide excellent lubricating qualities over a wide range of temperatures. Designed for work under the toughest conditions with excellent mechanical and chemical stability. Mettle Plus EP Grease is designed to “always stay in place” under the worst operating conditions of water-dirt-mud, providing you with maximum protection and peace of mind. Formulated with 5% of our specialized metal treatment additive for protection against sliding friction wear. This same additive is used in our CleanBoost Performance Motor Oils.

APPLICATIONS:

Mettle Plus™ EP Grease is Recommended for wheel bearing, including disc brake applications, fifth wheels, U-joints, steering linkage, and chassis lubricant. The adhesive and water resistance qualities of this grease make it an ideal chassis lubricant for “off - road” trucks, construction equipment, agricultural equipment, logging equipment, and mining equipment. Recommended for all types of bearings including plain bearings, heavily loaded journal bearings, ball and roller bearings, needle bearings, and couplings. Recommended for Caterpillar applications like the 994 series loaders and 5130 and 5230 series shovels.

RECOMMENDED FOR CENTRALIZED DISPENSING SYSTEMS COMMONLY FOUND IN INDUSTRIAL PLANTS AND ON HEAVY EQUIPMENT.

BENEFITS:

- * Outstanding wide temperature range grease.
- * Unequalled water washout resistance.
- * Excellent shock load-carrying ability.
- * Rust and corrosion inhibited to protect metal surface.
- * Extreme pressure protection - 70 Lb. Timken OK Lo Test.
- * Rust and corrosion inhibited to protect metal surface.
- * Grease “stays in place”. Less frequent greasing is required.
- * Oxidation inhibitors permit operations at high temperature for extended periods.
- * Melting point well above 600°F.
- * Excellent grease for most sealed-for-life bearings.
- * Excellent pumpability.
- * Formulated with 5% Molybdenum Disulfide.

Mettle Plus EP2 Grease is available in 14oz tubes and 120 lb Kegs.
